

Copywriting, Marketing & Consulting

Marketing Accelerator & Tune-Up Service

Are You losing millions because of your marketing materials and promotions? Then, your business, brands, products and services could benefit from The Revenue Miner's® review and tune-up of your promotions and marketing programs, tools and materials. How much would a new website, promotion, brochure, sales letter or postcard increase your sales revenues and boost your bottom line?

Eric delivers his marketing genius and creativity to craft the right message for your organization, products and services that double or triple your sales. His marketing and copywriting successes include writing new: websites, email marketing programs, sales letters, brochures, PowerPoint decks (presentation materials), postcards, FAQs, and much more. Eric's unparalleled creativity and marketing and copywriting expertise and extensive experience will help you attract more customers, sell more products and services and make more money.

Business Profit Multiplier Advisory Service

This customized-for-You, one-on-one, tailor-made business growth and development advisory service will help you expand your business and multiply your profits many times over. Eric, The Revenue Miner's®, specializes in unearthing new revenue streams and profit-makers in the most unlikely places. He finds hidden opportunities and delivers material results to your bottom line – that means more profits and cash flow for you.

Depending on your goals and your business, this could entail creating a new business line or line extension; forming a joint venture; branding or re-branding a product or service; targeting a new customer base; entering a new market; reorganizing or restructuring your business finances and much more. Eric is a business and financial advisor to growing and troubled businesses both big and small. Over the past five years, Eric has generated over \$10 million in value for his clients. Eric will drive new ideas, energize your organization and your management team and help you create new ways to put more money in your pocket!
